Re: Scout photo/name publishing permission

Troop 457 publishes scout names and photographs/film/video tapes/electronic representations and/or sound recordings when reporting on scouting activities to recognize scouting achievement and advancement and for public information purposes. Photographs/film/video tapes/electronic representations and/or sound recordings will only be used for Troop 457 print and electronics materials, such as its website, brochures, flyers and presentational slides.

Please check one of the boxes below to indicate whether you are granting or denying permission to Troop 457 to publish your Scout's name and/or photograph in print and on the Troop 457 web site. The Troop secretary will keep this completed form on file as long as your Scout is registered with Troop 457. This form will remain in effect until you or your Scout revokes it in writing. If we do not have a completed form on file, this form serves as notice to your family that Troop 457 may publish your Scout's name and photograph at such times as the persons handling that publication deem appropriate.

NOTE: Keep in mind, if you choose **NOT** to have your scout's name and/or photo published – and your scout is an award winner, has achieved advancement in rank, participated in a group project, or as a scout would be recognized in print for an accomplishment – we will NOT be able to publish a name or picture, depending on your request. Your scout may be photographed though, and not identified on occasion, if the photograph is of a group situation such as a troop or patrol activity.
